Reception Maths Week 6

Meet Number 19!

Remember that game we played two week ago? You collected small objects and a cup. Put 10 of the objects into the cup. How many are left over if you start with 19 objects? _____ .
You are right, there are 9 left over. That is because 19 is made from one ten and 9 ones.

Can you write the number 19 in numerals? _____

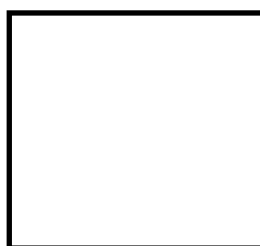

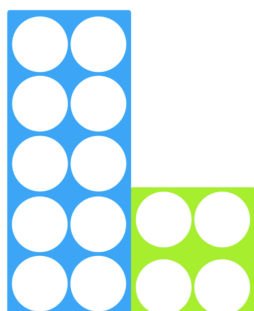

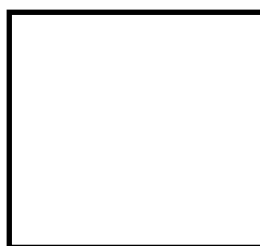

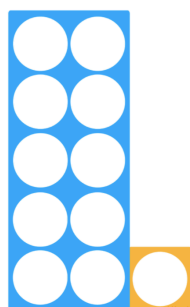

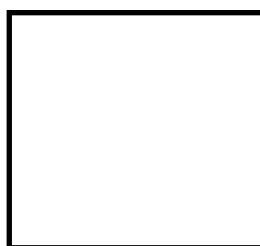

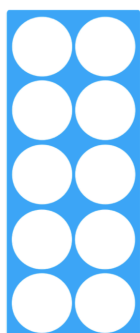

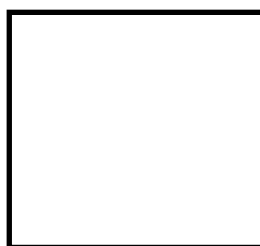

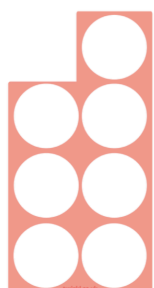

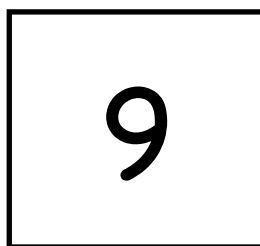

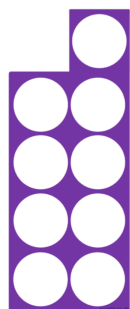

Poor 19 can't make a rectangle. Talk to an adult about why this is. It would help to set out 19 objects in front of you and try to make rectangles in neat lines from them. Lego bricks would be ideal. Can you draw one of the shapes you make here? Is it a rectangle?

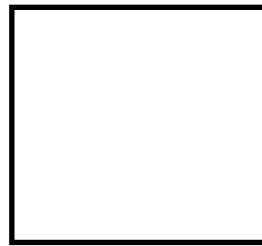

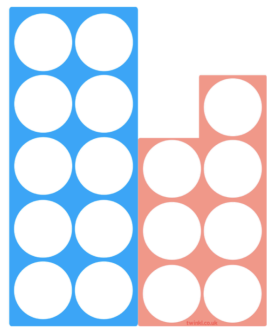

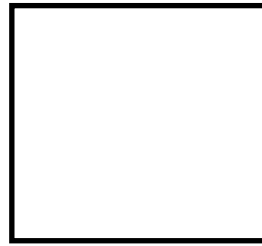

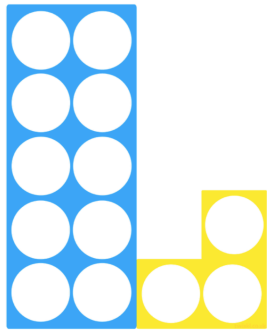

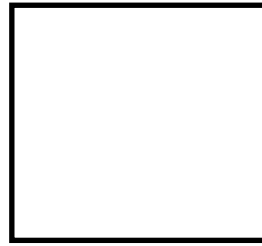

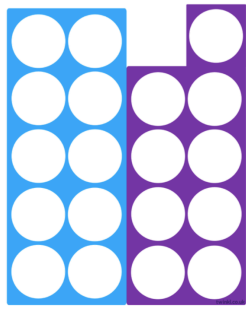

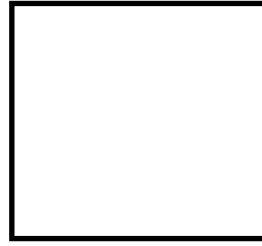

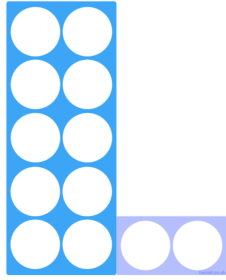

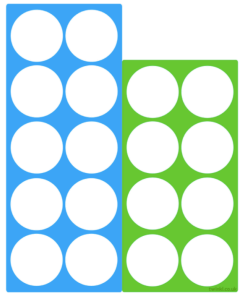

Missing Number Game Score Card

Ask your adult to put out your flashcards in the right order, BUT to miss one out. Which number is missing? How do you know? You score a point if you can say which one is missing and ANOTHER 2 points if you can explain why (e.g. 5 is missing because it comes after 4 and it comes before 6). Your partner gets the point if you don't! Who will win? Fill in using smiley faces or tallies.

	Your name:	Partner's name:
Game 1		
Game 2		
Game 3		

What's the Number?

Reception Phonics Week 6

Our new trigraphs are **air** and **ure**.

Try reading these words, putting in the sound buttons to help you.

fair

hair

lair

chair

pair

sure

cure

pure

secure

Ask an adult to read these sentences aloud to you then try to write them below. Think about the punctuation you need at the end of each sentence.

He had **fair hair**.

Can the vet **cure** the cow?

Spellings: **the, to, we, me, be, he, she, was, my, no, go, you, they, her, all, are**

These are all the Phase 3 tricky words and we have looked at them all now.

The best way to practise them might be on Spelling Shed, or try 'Look, Cover, Write, Check'.

There is an **air** and **ure** booklet for you for extra practice. Don't forget to look out for these trigraphs in your books.
